

Tanzania Health PARTNERSHIP

2025: A Year of Growth & Lifesaving Care

Tens of thousands of women, children, and families in Tanzania received high-quality healthcare at DCMC last year - from doctors and nurses they know and trust.

IN A YEAR MARKED BY UNCERTAINTY

across global healthcare, 2025 stood out as a time of steady, strategic growth and progress for Dodoma Christian Medical Center (DCMC). Meaningful milestones strengthened care for patients and families – from opening a small new surgical space (page 3) and expanding the NICU, to strengthening specialty services, including the pharmacy, eye care, radiology and dental. Most important to DCMC, recent patient surveys reflect a 93% satisfaction rate – well above the national standard.

THANK YOU for supporting DCMC as it works to grow and thrive in its service to thousands of patients who need and value its care.

Dr. Francisco Msonge, MD, DCMC's Eye Clinic Director, is completing scholarship training in pediatric ophthalmology. He will return to DCMC in April.

"Our sincere thanks for your contributions to our vision."

– CPA Pauline Mtunda,
DCMC Executive
Director

DCMC's expanded NICU cares for 5 infants a day, on average, giving parents peace of mind that their babies are receiving the extra support they need.

DCMC sustains meaningful, secure employment for 154 staff, the majority of whom are women.

2025 BY THE NUMBERS

- Nearly 100,000 patients served
- 1,239 babies born
- 2,016 surgeries
- 20,629 radiology exams
- 103,649 lab tests

Give with Confidence

THP is among the elite in stewardship and transparency

We are proud to share that our commitment to integrity and accountability has earned us a 4-Star rating from Charity Navigator and the Gold Seal of Transparency from Candid. These distinctions recognize our dedication to accuracy, responsible stewardship, and honest reporting.

Less than 5% of the 1.8 million+ nonprofits registered with the IRS achieve Candid's Gold Seal of Transparency, and fewer than 3,000 nonprofits achieve a 4-Star rating from Charity Navigator.

Thank you for trusting us with your gifts.

Growing Hope at DCMC

"Thank you for helping me and my family. Our future is changed now."

– Garden participant

DCMC's new women's garden is flourishing, and so are the lives it's nurturing. Launched last June, the whole-health

garden program has supported 10 widowed women from nearby Ntyuka village to learn agriculture, nutrition, and small-business

skills – tools that will sustain their families for years to come. The abundant first harvest of spinach, lettuce, cucumbers, and peppers provided much-needed nutrition for them, with enough left over to sell for income.

Our thanks to you and the Cargill Foundation for supporting these women and their families!

DCMC plans to add 500 fruit trees to the garden

On arrival, every patient is greeted by a nurse, a welcome personal touch that also helps with triage and patient flow.

Nurses are the steady presence in every hospital the world over, including at DCMC. In the clinics, inpatient wards, operating theaters, recovery rooms, ICU and more, DCMC's nurses interact with every patient, offering skilled medical care, compassionate support, and a reassuring presence to each person who comes for care. They are also the primary providers across DCMC's prenatal and postnatal care, immunizations, family planning, and HIV counseling – ensuring continuity of care from pregnancy through early childhood.

Thank you,
DCMC NURSES!

DCMC nurses helped 25,798 patients receive pre-/postnatal care, immunizations, child well-checks and more last year.

NURSES: 
the Heart of
DCMC

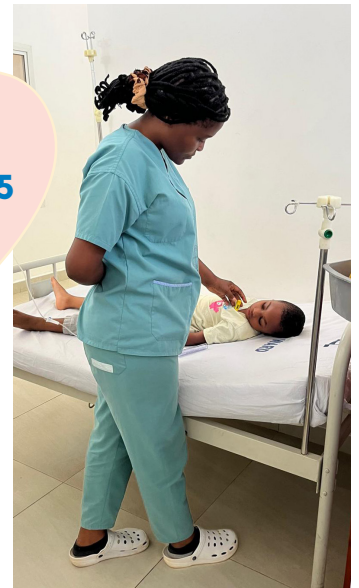

As DCMC continues to grow, we celebrate the extraordinary contribution of its dedicated nurses providing 24/7 care for thousands.

DCMC
employs 55
nurses

Nurses cared for 5,220 inpatients in 2025 – nearly 70% of whom were women and children.

DCMC nurses supported more than 1,200 women through childbirth and recovery in 2025, and cared for 391 babies in the NICU.

TRAUMA CARE:

Expanding Surgery and Upgrading the Emergency Dept

With Dodoma's exploding population has come an increasing need to provide emergency services and trauma care in the region. In response, DCMC just opened a second operating theatre, and later this year will start remodeling a larger building to add four more operating theatres and an expanded ICU. To accompany these new spaces, DCMC is also planning a phased expansion of its emergency room to add more patient space and several pieces of critical equipment.

"This phased expansion ensures that DCMC not only meets the Ministry of Health minimum requirements but also positions itself as a premier emergency care provider in Dodoma, capable of serving both the local community and international clients," said CPA Pauline Mtunda, DCMC's Executive Director.

SURGERIES AT DCMC IN 2025

- ✓ 708 general
- ✓ 616 gynecologic
- ✓ 618 c-sections
- ✓ 74 eye

Thank you for your gifts of anesthesia machines, surgery sets, infant warmers, vein finders, gowns, gloves and more!

To improve rapid response time, DCMC plans to upgrade its ambulance.

How Can You Help? Donations are needed to help purchase new surgical and emergency equipment and to complete the larger surgery/ICU building. To discuss a major gift, contact Anne Hussian, Executive Director - 763-231-2954 or info@tanzaniahealthpartnership.org

Why I Give

"Great people, great mission, fantastic leadership team! I've visited the hospital, met many of the staff, and had the privilege to see first-hand how healthcare works in this part of Africa. Tanzania Health Partnership does such good work helping this hospital thrive. I'm delighted to be involved as a donor."

— Carl Leafstedt, San Antonio, Texas

Health is Life

You're
Invited
April 30

In a relaxed, “non-gala” atmosphere where mission meets meaningful fundraising, join us to learn how your support is improving health and saving lives in Tanzania – and how Dodoma Christian Medical Center (DCMC) is rising to meet the needs of thousands in today’s challenging time in global health.

FEATURED SPEAKER: Dr. Gaspar Msangi, MD, an Atlanta-based urologist, native Tanzanian, and Tanzania Health Partnership board member, will share personal stories of the health care challenges in Tanzania and why DCMC matters more than ever.

WHEN Thursday, April 30 - 5:00-7:00pm
1 hour program beginning at 6pm

WHERE Brookview Golf Club
316 Brookview Pkwy S, Golden Valley, MN

TICKET \$35 - hors d'oeuvres and drinks included

We look forward to seeing you April 30th for conversation and live auction fun!

– Anne Hussian, Executive Director
